Various topics will follow every Friday at 7:00pm until further notice...

We know that these are difficult times that we live in and though we continue to hold on to God's unchanging hand there are times when we need to nurture our emotional needs and want more of an understanding of our emotional health.

Our new Seminar series will help shed some light of the most challenging issues, that some of God's people are struggling with today.

Join us this Friday evening, June 12 at 7:00pm

Our first topic: *"Coping with Grief and Loss"*
